

Cal OES Daily Situation Report

June 28, 2017

Tanker 910 laying a line of fire retardant on the Hill Incident in San Luis Obispo County. Tanker 910 is a converted DC-10 capable of delivering up to 11,600 gallons of retardant per load. It can either deliver an unbroken line of retardant over 50 feet wide and more than two thirds of a mile long, or split the drops to any amount and length required.

Cal OES INLAND REGION

Levee Breach / Evacuations, Kings River Country Club, Kingsburg, Tulare County

On 06/23/17 at 2345 hours, the Cal OES Inland Duty Officer (IDO) advised the California State Warning Center (CSWC) that a levee breach occurred at the Kings River Country Club, Kingsburg, Tulare County.

- High flows into the Kings River resulted in the levee breach.
- The breach was approximately 15 feet wide and 6-8 feet high and there was about 15 feet of standing water on the golf course. As of 0500 hours on 06/24/17 the breach has been secured.
- A second breach was reported as of 0430 hours on 06/24/17, adjacent to the first breach and approximately 40 feet in width, with flood depths ranging from 1 to 10 feet.
- The water is threatening approximately 90 homes around the golf course, and 300 people.
- 7 single family homes and 18 RVs have been damaged.
- A community meeting was held on 06/25/17 at 1200 hours, at the Kings River Country Club.

Flood Fight

- Eight hand crews are on scene to assist with flood fight operations.
- A total of 110 response personnel are on-scene on 24-hour shifts.
- 1000 super sacks have been delivered to the Incident Command Post (ICP) staging area.
- An additional 8000 are being purchased and are estimated to be delivered by 06/29/17.
- A California National Guard (CNG) helicopter arrived on site to assist with moving product to repair the breach in the levee.
- On 06/25/17, 21 super sacks were placed to repair the levee breach; completion estimated to take several days.
- A contractor took over placing super sacks at 1100 hours on 06/26/17. At 1544 hours approximately 90-100 super sacks have been placed.
- Handcrews are continuing to fill sandbags, with a goal to fill 20,000 bags for ongoing use.
- On 06/26/17, Tulare County reported a 3-foot drop in river levels due to reduced releases from Pine Flat Reservoir.

SITUATION SUMMARY

Cal OES INLAND REGION (continued)

Missions

- **2017-INLAND-36683:** Four CAL FIRE Golf Strike Team (two hand crews each) and one CAL FIRE Agency Rep for flood-fighting activities in Tulare County. (On-Scene)
 - On 06/26/17, 14 CDCR officers were added that are on scene supervising the inmate crews.

Proclamations

- On 06/24/17, a Proclamation was received from Tulare County with no requests for State assistance.

Mandatory Evacuations

- Per the Cal OES Law Enforcement Duty Officer (LDO), Mandatory Evacuations were issued for a 1-1 ½ mile area and 90 homes within the Kings River County Club on the Kings River that is effecting approximately 300 people.
 - Residents have been directed to the existing shelter at Reedley High School in Fresno County.

Shelters

- American Red Cross Shelter: Reedley High School, 740 W. North Ave, Reedley.
 - Population: At this time, none of the evacuees from Kings River are using the Reedley Shelter.

Road Closure

- Per the Cal OES LDO on Saturday 06/24/17 at 1144 hours:
 - State Route (SR) 201 route is closed from 1.9 miles north to 2.9 miles north of the Fresno / Tulare County Line due to flooding.
 - Roads 24 and 36 in the area of Kings River Country Club.

River Conditions

- On 06/26/17 at 1600 hours flows from Pine Flat Reservoir were decreased to 12,200 cfs.
 - DWR Flood Operation Center (FOC) staff and Pine Flat Reservoir operators are in coordination regarding anticipated river flows and are briefed on the levee breach downstream.

SITUATION SUMMARY

Cal OES INLAND REGION (continued)

Flooding / Evacuations, Riverland Resort, Kingsburg, Tulare County

On 06/18/17 at 1000 hours, Riverland Resort in Kingsburg, Tulare County experienced out-of bank flooding along a non-leveed area of the Kings River. Riverland Resort is a recreational park with cabins, apartments, RV sites and amenities available for rent. The flooding is a result of Pine Flat Reservoir releases increasing through the end of June.

- The Kings River Conservation District has initiated 24 hour monitoring of this area.
- On 06/23/17 at 1404 hours, the National Weather Service (NWS) Hanford issued a Flood Warning through 06/26/17 at 1400 hours, for snowmelt in northwestern Tulare County. Releases from Pine Flat Dam are expected to increase through the weekend. Locations below Pine Flat Dam are expected to experience additional flooding.

Evacuations

Per the Cal OES Law Duty Officer (LDO) on 06/20/17 at 0846 hours:

- On 06/19/17, Tulare County issued a mandatory evacuation order for the Riverland RV and Campground.
 - Approximately 300 people have been evacuated from the resort.
- On 06/21/17, Fresno County Sheriff is advising that they have Deputies stationed at the Riverbend Trailer Park.
 - There are 43 residents who evacuated.
 - There were 13 residents who remained in their houses.

Shelters

American Red Cross Shelter: Reedley High School, 740 W. North Ave, Reedley

- Midnight Count: 7 residents.
- Shelter has a capacity for 40-50 persons, will shelter animals on site.
- See 2017 Statewide Winter Storms Slides

SITUATION SUMMARY

Cal OES COASTAL REGION

Drinking Water Notice, San Juan Bautista, San Benito County

On 06/21/17, the City of San Juan Bautista issued a drinking water notice to residents as a result of high nitrate levels in water samples tested 06/20/17. Per the Cal OES Coastal Region Duty Officer (CDO) and the State Water Resources Control Board (SWRCB) Drinking Water Program Duty Officer (DWP-DO):

- All residents are advised not to drink tap water.
 - Bottled water is available at City Hall to those who are susceptible to high nitrates.
 - The Fire Department is providing water to residents at no cost via a reverse osmosis machine at their Fire Station on 2nd St.
 - 1 of the City's 2 wells is affected and both wells feed into the same main water line.
 - The affected well remained offline until 06/22/17 while residents were being notified.
 - Due to the current heat wave the affected well was needed to keep up with demand.
 - On 06/24/17, the Cal OES CDO advises that this incident is expected to last approximately 6 weeks.
 - There are no requests for State assistance.
-

SITUATION SUMMARY

2017 Statewide Winter Storms

EMAC and Public Assistance - 2017 Winter Storms

Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.

- See Cal OES Mission Tasking slide for Mission Tasking information

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Inland Region

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Alpine County: East Fork Carson River at Markleeville
- Placer County: Truckee River at Truckee
- Stanislaus County: Tuolumne River at Modesto

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

Cal OES Southern Region

River Forecast - The following river is forecast to meet or exceed Flood Stage:

- Mono County: West Walker River at Highway 395 below Little Walker is forecast to exceed flood stage at 6.0 feet and up to 6.2 feet through the morning of 06/29/17.
 - At 6.0 feet, some minor flooding of lowlands, pastures and rural roads.

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Mart, Vegetation Fire, San Bernardino, San Bernardino County

Location: Highway 330 north of Highland Ave, San Bernardino

Jurisdiction: LRA/FRA, City of San Bernardino/San Bernardino National Forest

State Time: 06/27/17 at 1520 hours

Per CAL FIRE, Cal OES Southern Duty Officer (SDO), Cal OES Law Duty Officer (LDO), and Cal OES Fire Duty Officer (FDO) as of 06/28/17 at 0707 hours

- 902 acres grass brush, 15% contained
- Expected Containment: 07/03/17
- 100 structures threatened
- Smoke Advisory has been issued by the National Weather Service through this morning.

Activations

- San Bernardino County EOC is activated to Level 1 on 06/28/17 at 0800 hours.
 - There are no requests for State Assistance

Evacuations

- All evacuation orders have been lifted

Evacuation Center

- American Red Cross (ARC), Highland YMCA, 7793 Highland Ave, San Bernardino, San Bernardino County (Closed at 2000 hours 06/27/17)
- Small Animal Shelter, Devore Animal Shelter, 19777 Shelter Way, San Bernardino, San Bernardino County (Closed at 2000 hours 06/27/17)

Utilities

- CUEA advises that there is no threat to the grid at this time.

FIRE ACTIVITY

Hill, Vegetation Fire, San Luis Obispo County

Location: Rue de Leon Road at Parkhill Road, Santa Margarita, San Luis Obispo County

Jurisdiction: State DPA, SRA, CALFIRE San Luis Obispo Unit

Start Time: 1526 hours 06/26/17

ICP: 6140 Parkhill Road, Santa Margarita

Per ICS-209 and Cal OES Fire Duty Officer (FDO) as of 06/28/17 at 0707 hours

- 1598 acres brush, 60% contained
- Expected Containment: 06/30/17
- Type-3 Incident Management Team assigned
- CAL FIRE Agency Rep assigned
- Commitment of CALFIRE air resources
- 20 Local Government Engines assigned
- There are no requests for state assistance at this time.

EOC Activations

- San Luis Obispo County EOC deactivated and resumed duty officer status at 2044 hours on 06/26/17

Deployments

- Cal OES Fire Region 1 Assistant Chief assigned
- 1 Cal OES MIGU Unit assigned
- 10 Cal OES Engines assigned

Evacuations

- All evacuation orders have been lifted.

Shelters

- The American Red Cross (ARC) shelter at Santa Margarita Elementary, 22070 H Street, Santa Margarita, San Luis Obispo County closed as of 2100 hours on 06/27/17.

FIRE ACTIVITY

Hill, Vegetation Fire, San Luis Obispo County (Cont.)

Utilities

California Utilities Emergency Association (CUEA) reports as of 06/26/17 at 2105 hours:

- 2 poles were damaged, no access to repair at this time.
 - 180 plus customers were without power.
 - There is no threat to transmission lines only distribution lines have been impacted.
 - Crews have worked to restore customers services through back ties.

Manzanita, Vegetation Fire, Riverside County

Location: Lambs Canyon, 3 miles south of Beaumont

Jurisdiction: State DPA, SRA, Riverside Unit

Start Time: 06/26/17 at 1510 hours

Per ICS-209, CALFIRE, Cal OES Law Duty Officer (LDO), Cal OES Southern Duty Officer (SDO), and the Cal OES Fire Duty Officer (FDO) as of 06/28/17 at 0707 hours:

- Type-3 Incident Management Team assigned
- 5800 acres 20% contained
- Expected Containment: 07/01/17
- 48 Local Government Engines assigned
- 19 Cal OES Engines assigned
- 1 Cal OES Support Unit
- 2 Cal OES Fire Rescue Branch Assistant Chief's assigned
- 2 Cal OES Public Safety Communications Technician assigned

Evacuation

- All evacuation orders have been lifted

Shelters

- The shelter that was established at Hemet High School, 41701 Stetson Ave, Hemet, Riverside County closed as of 1900 hours 06/27/17

FIRE ACTIVITY

Placerita, Vegetation Fire, Los Angeles County, Final

Location: Highway 14 at Placerita Canyon Road

Jurisdiction: Local DPA, SRA, Contract County

Start Time: 06/25/17 at 1247 hours

Per ICS-209, CALFIRE and the Cal OES Fire Duty Officer (FDO) as of 06/28/17 at 0707 hours:

- 760 acres, 95% contained
- Expected Containment: 06/28/17
- Acreage reduced due to accurate mapping
- Forward progress has been stopped
- The areas of evacuation were allowed to reoccupy at 2200 hours on 06/25/17
- Cal OES Fire Rescue Branch Assistant Chief assigned
- CALFIRE air and ground resources committed
- FMAG application submitted and placed on hold
- 1 movie structure and 2 movie props destroyed, 1 bridge damaged
- Continued impact to surrounding communities, utility infrastructures, major transportation corridors and commercial properties
- 26 Local Government Engines and 4 Water Tenders assigned
- 5 Cal OES Engines assigned

- http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php - Temporarily unavailable.
- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** Periods of gusty westerly winds in The Delta region next few days ***

A low pressure trough that has been over the Northern California region for a few days will be moving eastward as high pressure moves into the region from off the Pacific. There will be a warming trend for a few days then temperatures will hold above normal through the weekend with the warmest inland valleys 100-105. A small weather system will arrive from off the Pacific Friday and move quickly through the region that may cool things down a little, however. No thunderstorms are expected today or Thursday, but there is a slim chance of isolated afternoon and evening thunderstorms across the northern areas with that system Friday. Otherwise, conditions will generally be dry across the Northern California region for the next 7 days. Early next week appears likely to be somewhat cooler as a slightly stronger trough moves over the Pacific NW and Northern California Monday and Tuesday with close to seasonable temperatures at the mid and upper 90s in the warmest areas. Any thunderstorms the trough might generate early next week appear mostly likely to occur Monday near the Oregon border. Periods of gusty westerly winds will be in The Delta region into Friday with peak gusts 20-30 mph in the favored areas. No significant winds are expected across the rest of the Northern California region over the next week.

SOUTHERN CALIFORNIA

Breezy in and near the desert today

Sustained onshore flow will continue to bring a cooling trend to the area today. Yesterday, high temperatures were 2-3 degrees cooler over many areas, and today, temperatures will shed another 5-7 degrees. Expect readings to range from the 70s at the coast to the 90s in the valleys to 108 in the desert. The strongest winds today will be over the Kern County Mountains and Antelope Valley where west winds of 20-30 mph with gusts to 40 mph will be possible. Minimum RH will continue to be in the single digits in desert-adjacent areas of the mountains. Thursday will likely be the coolest day this week with marine layer coverage reaching some interior valleys in the morning. Winds are expected to be light Thursday into the weekend. A brief warmup is expected Friday and Saturday when valley temperatures will climb back into the upper 90s to near 100, but a deeper trough is expected to arrive early next week which will cause temperatures to fall back to near seasonal averages. Night through morning stratus will likely return to the valleys next Monday and Tuesday. Long range models indicate warmer and more humid weather is likely during the second half of next week. Southeasterly flow may bring a chance of thunderstorms after next Thursday.
